The APSE Adult Social Care Forum is a vehicle for the sharing of good practice and debating service delivery ideas to support APSE member councils in ensuring effective care.

The day will include comment and case studies exploring innovative ways through which local authorities can support residents to live healthy, fulfilling and independent lives in their own homes. The day will also include facilitated discussion to highlight the nature of support and advocacy that would be valued on behalf of the APSE membership to support the delivery of adult social care services.

The Forum is **free** for both elected members and officers from APSE member councils to take part in.
