# Project Management Framework

## Project Inception

Project  
Mandate

Mandate is produced

Prioritisation Framework is used  
to determine if CIAT is required

## Concept Stage

Project Brief

If there are social/climate implications, CIAT is  
completed

CIAT

Completed CIAT is sent to a reviewing team for  
comment

Recommendations are  
reviewed/incorporated/rejected as appropriate

If a formal decision report is needed, reviewers  
will sign off the final CIAT being included

Report

## Project Initiation

# In Practice: Pre-tender

1. Reviewed draft

2. Tender considerations

Included criteria on decommissioning and end-of-life

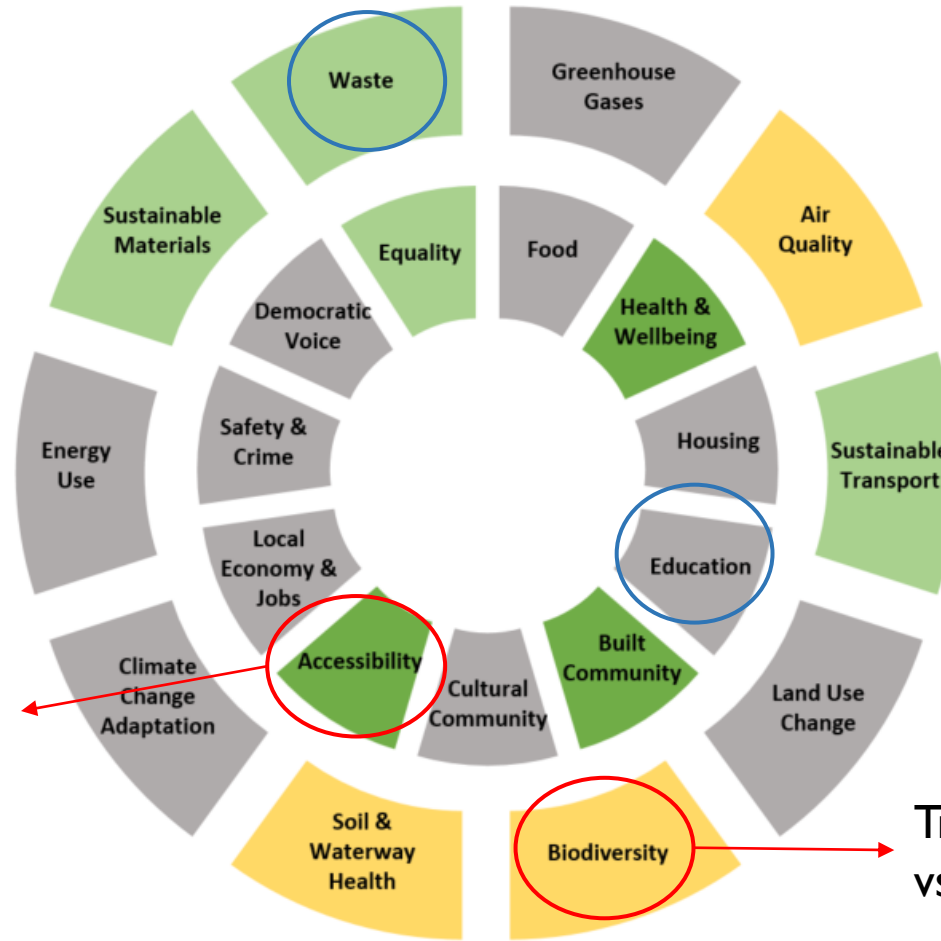

Decisions around tariffs to influence energy use

Proposals for training/apprenticeships/ social value from bidders

# In Practice:

## Park access improvements

Highlighted need for interpretation boards and signage for waste

Flagged in review: now added an accessible bridge

Trade-off: wellbeing for people vs. wellbeing for wildlife

# In Practice: Successes

- Options appraisals
- Sustainable transport strategy
- Development projects
- Funding appraisal
- Policy decisions
