# What Social Value means in LBBD

Social Value (SV) is about **additional benefits** for the borough and its residents on top of what we are procuring.  
It must be **reasonable** and **relevant**.

In **B&D** Social Value applies on all procurement **over £100k** and needs a **10% weighting** in the ITT scoring.

There are 3 SV themes;  
**People, Economy & Planet.**

In **B&D** Social Value **Toolkit** **list activities** suppliers can commit to. Suppliers are expected to provide Delivery Plan (**What**) & Method Statement (**How**).

Contract managers will expect regular reporting and ultimately delivery of SV outputs from suppliers.

# Things we are still working on...

1

Bringing Organisations together:  
Suppliers & Social Sector,

2

Strategic approach combining use of fund, resources, volunteering time, for wider Impact:  
Heath Park Community Centre  
LD example

3

Social Value Network:  
Cross all Local Authorities  
Responsible Procurement Network - GLA

4

As residents of Boroughs, to move the conversation from asking the questions to outcomes / impact / benefits.

**Barking &  
Dagenham**

Our Nursery children have already been enjoying the **mud kitchen** along.... and the gardening club children thoroughly enjoyed painting the **bird boxes**...(the school children are) enjoying the **outdoor classroom, bug hotel and greenhouse**. A lot of learning will be **built** on in these areas and hopefully they will **ignite a spark that leads to many inspirational careers**.

- School / Beneficiaries

‘It’s excellent that some of the #socialvalue initiatives in the Borough are being pushed down to us #smallcharities’

Beneficiary / VCSE allocated free Panto ticket to provide to families in LBBB.

# Social Value in LBBB

“I’m enjoying being involved this, it is very different to what I do normally as a volunteer. I just do cleaning; here I’m involved in making discussions. **I feel that my views are listened to**”.

“**Gives me a purpose**. I love listening, then going my club and telling everyone”.

“I’m happy, as feel that **I am making a difference**”.

“It’s really good being on steering group as I get to say what we do. **I feel that we will shape council policy**.

**Feels for first time in a while that I can help.**”

- Multiple Resident Beneficiaries taking part in Independent Living Foundation (ILF) resident group

‘With the cold spell at present a lot of the residents **can’t afford to heat the whole house** so confine themselves to one room. Adding **another layer of clothing has been a godsend** and this could not happen without these generous gifts (Fleeces).’
