

APSE Scotland Building & Housing Process Mapping

Thursday 27 August 10.30AM to 12.30PM

AGENDA

1. Introduction and Welcome

2. Overview of previous process mapping work (2024 / 2025)

This will provide an opportunity for colleagues to understand some of the previous discussions that have taken place on damp and mould as part of the process mapping meetings.

3. Local authority Awaab's Law (Dampness and Mould) processes and procedures

This discussion will include what your processes and procedures are as well as how you intend to record and manage cases within your IT systems

4. ARC indicators – first set of data collected by 31 May 2026

This discussion will provide an opportunity for colleagues to discuss the first year of the tenant safety ARC indicators which includes dampness and mould and whether these have helped to tailor your processes and procedures for the upcoming legislation start date.

5. Key areas of focus and consideration

This will provide an opportunity for colleagues to take a deeper dive into particular aspects.

6. Closing comments/ next steps

This will provide an opportunity to agree whether a further meeting in early 2027 would be beneficial to review progress, share learning, and discuss any implications arising from the new guidance and legislation.

Lunch and meeting end 12.30PM
