

**APSE Scotland Climate Change and Renewables Network – Tuesday 28 July 2026
10.30 AM to 12.00PM**

Introduction and welcome from our Chair

Speakers & Discussion items

Dundee's Strategic Energy Planning for the City and its communities

Speaker: Claire Gillespie, Senior Sustainability and Climate Change Officer, Dundee City Council

This will provide the opportunity for colleagues to hear about Dundee's energy planning including their Local Area Energy Plan (LAEP), Local Heat and Energy Efficiency Strategy (LHEES) as well as information on the tools used such as the Local Energy Net Zero Accelerator (LENZA).

Fife's H.E.A.R.T project (Health, Energy and Resilience Team)

Speaker: Representative, Fife Council (inv)

This will provide colleagues with the opportunity to hear about this important outreach-based project which provides support on fuel poverty, energy advice and wellbeing bringing partners together from health, environmental and welfare services to provide support locally.

Climate change and renewables clinic: Any issue affecting service delivery

This is the opportunity for attendees to discuss any challenges and solutions that councils are experiencing and adopting in relation to a particular issue including:

- Climate impact assessments
- 'Low Carbon First' approach to replacing heating and energy plant and machinery
- SEG payments on solar PV on housing stock

APSE Update

Louise Melville, Principal Advisor, APSE
