Graeme Forward, CEO, KaarbonTech

*Audience question and answer session*

14:40 Coffee Break, Exhibition Viewing and Networking

**15:00 Session Four - Breakout discussion forums**

**Forum 1: Highways, Health and Safety and Back to Basics Clinic**

Andy Martin and Richard Hayes, APSE Associates

**Forum 2: Sustainability, Street Lighting and Skills**

**15:30 Plenary Panel**

**The importance flood risk on Highways**

Laura Morrison, Flood Risk Engineer, Wigan Council

**The expert panel: A look to the future of roads**

*Audience question and answer session*

**16:00 Newcastle United FC Tours**

*Complimentary tours of the ground. Please reserve your place when booking the seminar. Tickets will be issued at the close of the final plenary session*

## About the Seminar

Highways, roads, lighting and winter maintenance continue to be area of utmost importance to residents – how do local authorities continue to deliver the basics as best as possible while innovating with technology and low carbon technologies?

The APSE / Survation survey continues to find widespread support for more money to be spent locally on roads and highways, while the DfT have added to the public scrutiny on highways authorities through a new rating system.

Local government re-organisation in England looks set to bring an end to traditional counties and spawn a raft of new unitary authorities. Could functions like highways may be better delivered via joint arrangements, potentially benefiting from economies of scale?

The emphasis on carbon reduction is set to increase and that has implications for fleet and asphalt procurement. Substantial investment is heralded in new power generation and transmission however there will be an inevitable lag whilst the infrastructure is built.

Local Government is left facing a dilemma about which vehicles to buy when charging is potentially problematic. Decarbonisation of the supply chain is paramount, but we have taken the quick wins and the options remaining are increasingly costly.

The public hugely values highways maintenance, street lighting and winter maintenance and resilience services. This seminar will explore the core issues which will impact on the sector in the near future as well as the longer-term challenges.

With industry experts and local authority case studies, and opportunities for discussions and networking this seminar is a must attend event and will provide an excellent learning opportunity for Highways, Street Lighting and Winter Maintenance teams bringing forward ideas for cost efficiency, innovation and funding streams.

## About the Venue

St James' Park is the historic stadium and home of Newcastle United FC since 1892. Conveniently located near the city centre and with its own Metro station or a 15 minute walk from Newcastle Station, it is easy to get to from North or South.

For those driving, ample parking is available and it is a short drive from the major A1.

By booking on the seminar, you will have the opportunity to join us on an exclusive complementary tour of the stadium following the seminar.

Please express your interest in the comments on the booking form as places are limited and on a first come first served basis.

# Booking Information

## Delegate Packages Exclusive of VAT

### What's included?

*The delegate fee covers attendance, delegates' documentation, lunches and light refreshments*

*APSE member delegate fee: £195 + VAT*

*Non member delegates fee: £290 + VAT*

*Commercial delegates: £420 + VAT*

Visit [www.apse.org.uk/events](http://www.apse.org.uk/events) to book your place on this event

**CANCELLATION & REFUND POLICY:** Reservation is a contract. Substitution of delegates is acceptable any time in writing by email to [iali@apse.org.uk](mailto:iali@apse.org.uk). Cancellations must be made in writing at least 10 working days before the event, and will incur a 20% administration fee. No refunds can be given for cancellations received less than 10 working days before the event or for nonattendance. In the unlikely event of cancellation by the organisers, liability will be restricted to the refund of fees paid. The organisers reserve the right to make changes to the programme, speakers or mode of delivery should this become necessary. If due to emergency action by UK Governments/Administrations or Public Agencies this event is postponed, for example for reasons of public health and safety, the organisers will transfer your booking to the replacement event or provide a credit voucher against a future event booking.
