# Bringing Active Travel to our Communities & Green Spaces

## A Telford Perspective

June 2026

Kellie Thompson – Group Manager Active Travel  
& Passenger Transport

TELFORD COUNTY COURT

# Integrating Greenspace and Highways to Support Active Travel

## Connected Transport Network

Telford integrates parks, paths, and highways to create a unified network supporting walking and cycling daily.

## Telford Bike Hub Role

The Bike Hub in Telford Town Park promotes cycling for all ages by linking green routes with cycle infrastructure.

# Integrating Greenspace and Highways to Support Active Travel

## Collaboration and Low Traffic Routes

Greenspace and highways teams collaborate to create safe, low-traffic routes that are pleasant and accessible.

## Green Corridors for Wellbeing

Green corridors separate cyclists from traffic, enhancing biodiversity and supporting physical and mental wellbeing.

# Telford Bike Hub

# Telford Bike Hub

## Strategic Role

Central Bike Hub connects routes, promoting training, community engagement, and greener transport access

## Our connection to the community

- Cycle hire including electric bikes
- Organised sessions with groups
- and led rides
- Adaptive Bike programme
- Dr Bike
- Cycle Training
- Walking & Cycling routes promotion
- Connections with local schools

# From Parks to Pavements: Connecting Green Infrastructure and Highways for Active Travel

## Connected Transport Network

Telford integrates parks, paths, and highways to create a unified network supporting walking and cycling daily.

## Collaboration and Low-Traffic Routes

Greenspace and highways teams collaborate to create safe, low-traffic routes that are pleasant and accessible.

## Green Corridors for Wellbeing

Green corridors separate cyclists from traffic, enhancing biodiversity and supporting physical and mental wellbeing.

# Beyond the Bike Hub – Connecting People, Places and Green Routes

## Borough-wide Cycling Network

The Bike Hub supports a wide-reaching cycling network connecting communities through safe, green, and accessible routes.

## Inclusive Route Design

Routes prioritise calm, green corridors making cycling safer and more welcoming for children, families, seniors, and less confident riders.

## Cross-team Collaboration

Highways, Transport and greenspace teams collaborate to enhance existing paths and open spaces into a coherent cycling network.

## Cultural Shift in Mobility

The Bike Hub symbolises growing cultural acceptance of cycling and walking as essential to daily borough life.

# Bike Hub, Highways and Greenspace Vision

## Integrated Infrastructure Delivery

Integrating active travel routes and greenspaces into everyday travel - Strategic Schemes must have LCWIP

## User-focused Route Design

Considerations like surfacing, lighting, gradients, and maintenance ensure routes are accessible and usable year-round.

## Community Bike Hub Impact

The Bike Hub continues as a focal point fostering skills, confidence, and community engagement supporting active travel.
